## The replacement of winter tires

The winter and summer tire change for rental cars is done by Avis Car Rental as follows.

### Free service

Our service is free of charge in case of:

- The renter hands over the vehicle to the Avis Headquarters for a tire change at the time agreed in advance with the rental office. Replacement takes an average of 1 hour.

Avis Headquarters: H-2220 Vecsés Ecséri út 21., ground floor, technical department

- The renter hands over the vehicle to one of our Budapest offices for a tire change at a time agreed in advance with the rental office. Replacement is expected to take 4 hours.

### Paid service

Our service is subject to charges if the Renter is not able to hand over the vehicle at the Avis Headquarters or any of our offices in Budapest for a tire change. At the request of the Renter, an Avis employee will transport the car to and/or from the address(es) provided by the Renter. Service fee:

- delivery and return charges within Budapest: 5.000 HUF + VAT
- delivery and return charges outside Budapest: 100 HUF + VAT/km, but min. 8.000 HUF + VAT

## Introducing Avis Digital Check-in worldwide

Why accept a slow start to your self-drive experience? We want to help you get on your way quickly and safely.

That's why we've introduced our new digital check-in feature which allows you to provide us with all the details we need, so we can complete your rental agreement before you arrive to collect your hire vehicle.

### How it works

You can check-in from the moment you've completed your booking. You will need your driving licence and a payment card to hand, because these details will be required during the check-in process. But if you don't have all the information with you at the time of booking, you'll be free to use digital check-in anytime that suits you up to two hours before your indicated collection time.

Don't worry, we'll send you a few reminders by email should you forget.

## Avis Hungary again offers its cars for charity

We would like to help deal with the epidemiological situation in Hungary again, so we are once again offering a 9-seater minibus to the National Ambulance Service (Országos Mentőszolgálat) to receive an extra source of equipment for deliveries of protective equipment, epidemiological sampling and related tasks.

We thank the OMSZ for its persistent work on behalf of the whole country.
